Eligibility for Hospice Services

You do not have to be a Sharp patient to receive Sharp HospiceCare services. Medicare guidelines allow for coverage of all hospice care directly associated with end-of-life illness. In addition, ancillary services that may be covered under the hospice benefit include medical supplies and equipment; homemaker services (including light errands and housekeeping); music therapy; and grief counseling for the immediate family and significant others.

The level of care is determined through a patient assessment. At every level, patients have access to a hospice nurse 24 hours a day, seven days a week, at (619) 667-1900.

Reimbursement for hospice services is usually covered by one of the following: Medicare, Medi-Cal, private insurance or charity care. Sharp HospiceCare accepts patients based on their health needs, not on their ability to pay.

“IT’S ONLY WHEN WE TRULY KNOW AND UNDERSTAND THAT WE HAVE A LIMITED TIME ON EARTH — AND THAT WE HAVE NO WAY OF KNOWING WHEN OUR TIME IS UP, WE WILL THEN BEGIN TO LIVE EACH DAY TO THE FULLEST, AS IF IT WAS THE ONLY ONE WE HAD.”

- Elisabeth Kübler-Ross

Sharp HospiceCare focuses on palliative, or relief measures, rather than curative treatment for those facing the end-stages of a serious illness. We help patients achieve renewed quality of life through pain relief, emotional and spiritual support, daily comfort, and closure with loved ones.

Sharp HospiceCare is part of Sharp HealthCare, a not-for-profit organization serving San Diego County since 1946.
